Fine Print:

Strawberry custom framesets, manufactured in the Strawberry Cycles Engineering & Fabrication workshop in Portland, Oregon, USA, include a hand-brazed Reynolds 631 Air Hardening steel tube frame, a Enve road carbon fork assembled with a headset. Frame materials include the finest investment cast bottom bracket (English), lugs, dropouts, Strawberry design wishbone, topstay cap and cable bosses, brazed front derailleur mount, seat and down tube water bottle bosses. Highest quality paint work includes phosphatizing (rust inhibitor) and multiple coats of clear enamel over decals. Frames do not have fender clearance nor eyelets. Strawberry framesets are warranted against defects in material and workmanship to the original purchaser for an unlimited period. Terra Nova Cycles, LLC (TNC) will repair or replace, at its option, at no charge, any Strawberry frameset found to be defective during the warranty period. Such repair or replacement shall not include the costs of disassembly, removal or reinstallation or any other services involved, which costs are the responsibility of the purchaser. The warranty repairs must be performed at TNC. The original dated contract of sale for the TNC frameset must be retained as a proof of purchase and must be presented to TNC. Transportation of the TNC frameset to and from TNC is the responsibility of the original purchaser who must prepay transportation and insurance costs. This warranty covers all TNC framesets under normal use and service and does not cover accident, misuse, fire, flood, other acts of God, negligence, alteration, abuse, improper or unauthorized repair and customer adjustments. This warranty only covers TNC framesets which are installed in accordance with TNC instructions and procedures by qualified and competent personnel. This warranty is not transferable, is limited to the original purchaser, and is valid only on TNC framesets purchased, installed and used in the USA.
